

## What Needs to be Included in a Quality Wind Energy Ordinance

(The ordinance's main objective is to protect the Health, Safety and Welfare of the community.)

### — The Bullet Points of Key Elements —

- A good Property Value Guarantee
- 1 Mile Setbacks from Turbines to Property Lines
- A 35 dBA Acoustical Limit 24/7
- Meaningful Environmental Tests
- Adequate Decommissioning Terms and Conditions
- A \$50k Escrow Account for the Life of the Project

*There are dozens of studies by independent experts,  
as well as numerous legal precedents,  
that support these regulations.*
